CERTIFIED MAIL NO. 948965395
RETURN RECEIPT REQUESTED

May 21, 1990

Mr. Richard Hilyard
346 North 300 East
Lehi, Utah 84043

Dear Mr. Hilyard:

A certified letter (No. 948965382) was mailed to you on April 6, 1990, with respect to your mining related activity under Notices UT-058-10N and UT-058-45N for land in T. 21 S., R. 1 E. This activity was filed for previously located mining claims Grant #1 and #2 (UMC 263241 and 263242). The relinquishment of your mining claims (UMC 263241 and 263242) does not release you from regulatory requirements for surface management of mining related activity. Your activity has not been updated since 1987.

If you are still actively operating under your previous notice, you are requested to update your activity with this office immediately. If your activity has been suspended indefinitely, then the disturbed areas must be reclaimed and this office should be notified for a field inspection upon completion of reclamation. Reclamation shall include:

1. Recontouring of all surface disturbance including new roads and cuts,
2. Removal of any fences constructed under your operations,
3. Removal of all equipment left on site, and
4. Revegetation of all surface disturbance caused by your operations.

You must contact this office to update your Notice, to discuss your plans to reclaim, or to notify our office for a field inspection upon completion of reclamation. You should contact Doug Thurman in my office, or Michael Jackson in the District Office at (801) 896-8221. If you fail to contact this office within 30 days from receipt of this letter, a Notice of Noncompliance will be issued for failure to comply with Federal regulations (43 CFR 3809).

Sincerely,

Area Manager
